

## The mono material fold wrap

### WHAT IS ECOALULAM?

Duplex aluminum structure with unique folding properties to replace multi-material structures.

### KEY BENEFITS

- ✓ From multi- to mono-material / Alu/Paper to Alu/Alu
- ✓ EcoAluLam runs on existing machinery duplicating existing structures due to its compatible folding ability
- ✓ Due to aluminum's absolute barrier, EcoAluLam protects the most valuable element – the food itself
- ✓ Premium presence in the retail sector through the brilliancy of aluminum
- ✓ ASI material on demand

### SUSTAINABILITY

- ✓ EcoAluLam is an alternative to replace multi-material structures and therefore makes it easy to sort and recycle

### APPLICATIONS

- ✓ Chocolate Bar
- ✓ Chewing Gum
- ✓ Tablet Chocolate Foil
- ✓ Bouillon Cube
- ✓ Butter
- ✓ Margarine
- ✓ Soft Cheese
